

MANAGEMENT OF INNOVATION IN TEACHING AT FCHPT STU

Departement of management IM STU

Doc. Ing. Monika Zatrochová, PhD.

Ing. Jana Plchová, PhD.

INNOVATION

- implementation of a new or significantly improved product or process of a new marketing method or a new organizational method in business practices, organization of work or external relations.

European Commission

TYPES OF INNOVATIONS

◎ Grounbreaking

- bring discontinuity
- small number - big impact
- typical for start -ups environment

◎ Incremental

- small improvements of existing products and processes
- large number - large cumulative impact
- typical for big companies

SME OF SR AND INNOVATIONS

◎ SME

- 99% of the business entities in the SR
- innovation activity of SME - increase of SR competitiveness
- simple organizational structure
- better ability and greater willingness to bear risk
- innovation leaders - 1% SME
- compared with the EU average - lag

LAG OF SLOVAKIA IN THE AREA OF INNOVATIONS

- ◉ missing public infrastructure for innovation support
- ◉ weak link of SME with wider innovation environment
- ◉ missing instruments of funding the innovative companies growth in the critical early and growth stages

SUPPORT OF SME INNOVATION IN SLOVAKIA

- ◉ European Commission - JEREMIE
- ◉ Government -APVV, Innovation fund, SBA, SARIO, SAV, SIEA
- ◉ Universities
 - STU -Technological incubator InQb
 - encouraging of students innovation in teaching
